Apartments for senior citizens will be constructed at 701 N. Main St.

The Antioch village board Monday night voted to accept the favorable recommendation of the zoning board of appeals.

A PUBLIC HEARING on the issue was held last Thursday at the village hall.

The subject was a petition by Harold C. Young

and his wife, Alice, to permit a senior citizens housing development to be built on their property.

The Youngs, in conjunction with a professional developer, proposed to "improve the property under the Federal Housing and Community Development Act of 1974."

The development will consist of two buildings containing 120 apartments.

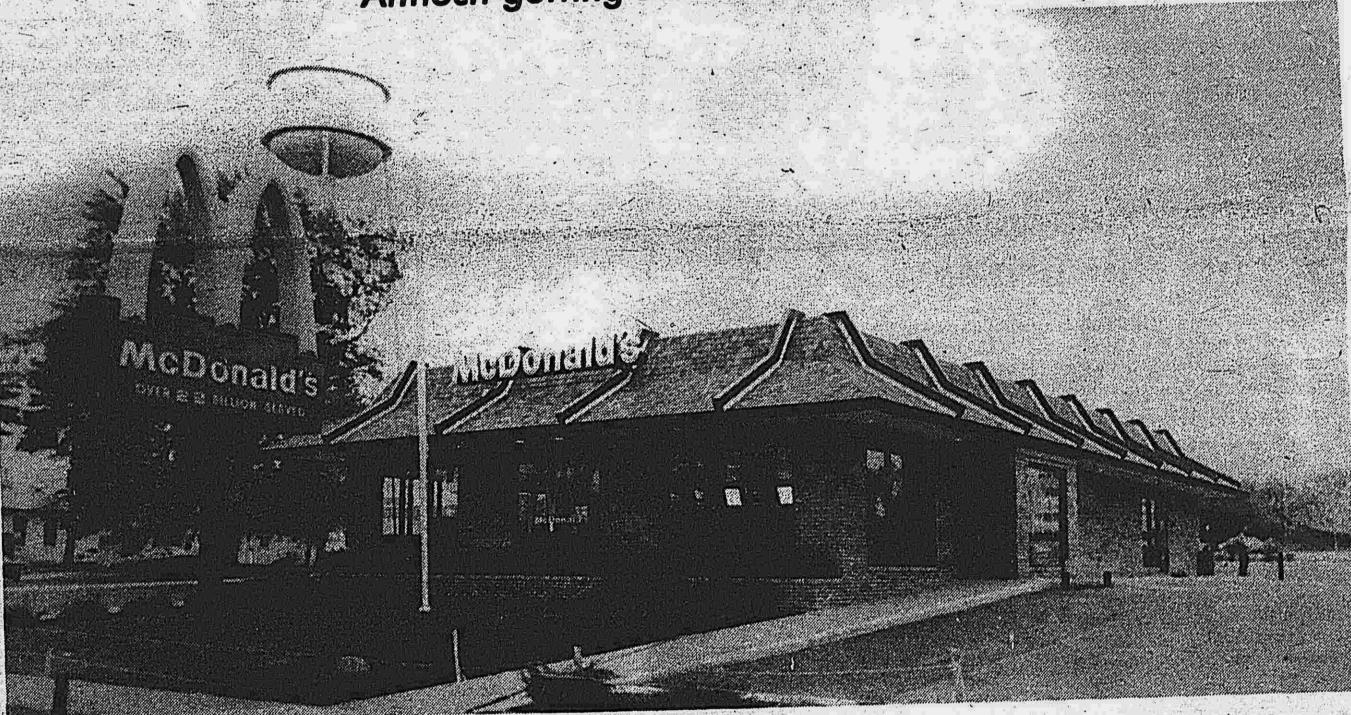

The proposed use of the property is the

construction of 100 one bedroom apartments, 14 two bedroom apartments, 6 three bedroom apartments and off-street parking spaces as housing for senior citizens and rental units.

The board authorized its attorney to draw up a "special use amendment" for the property.

-Dear Mr. and Mrs. Saver:

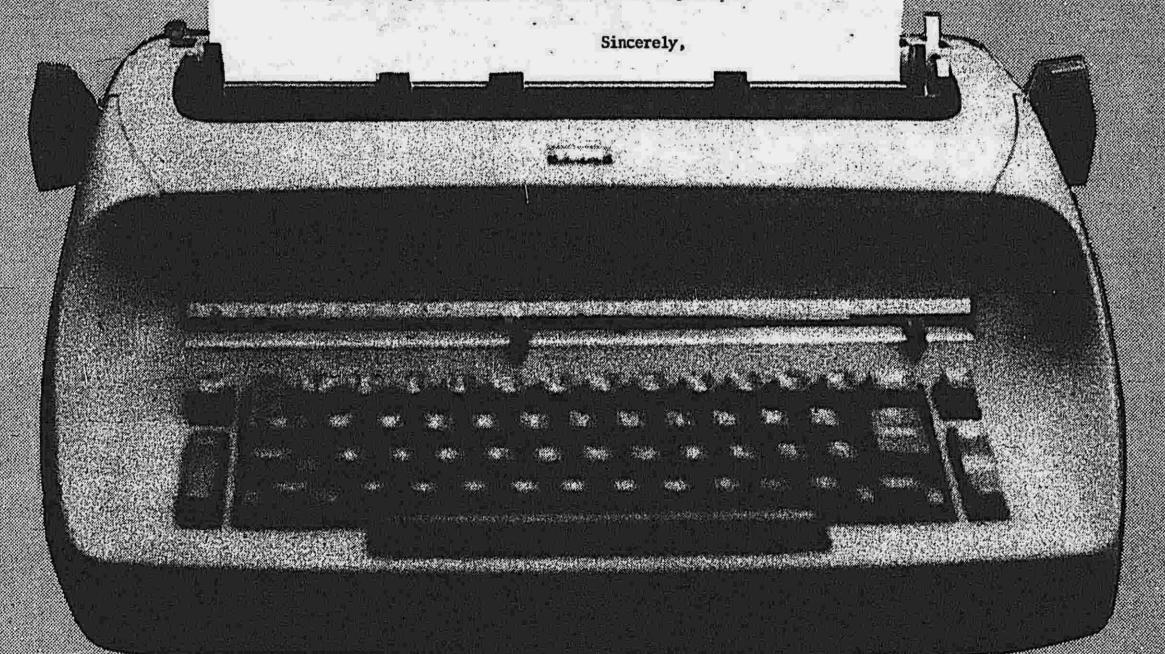

The State Bank of Antioch pays the highest guaranteed interest rates allowable under Federal Regulations on all of its savings plans.

We invite you to put your money to work for you, earning a full 7.89 annual yield on six year 7-1/2% Certificate of Deposit with a \$1,000.00 minimum deposit. (Federal law and regulations prohibit the payment of a time deposit prior to maturity unless three months of the interest thereon is forfeited and interest on the amount withdrawn is reduced to the regular passbook savings deposit rate.)

You will find that your savings grow faster at the State Bank because we pay you 5.16 annual yield on 5% passbook savings, compounded daily, from the day of deposit to the day of withdrawal (absolutely no penalty for withdrawals). Most savings institutions pay interest on the amount on deposit at the end of the quarter, but the State Bank pays you interest quarterly for the full time your money is on deposit, no matter when you need to withdraw.

While your money is working for you, your account is insured safe to \$40,000.00 by the F.D.I.C.

Don't delay...stop in today and discuss your savings requirements with qualified personnel in our New Accounts department.

#### Ronald Reagan Speaks Out On Consumer Bill

By RONALD REAGAN

It keeps coming back like a song, but with sour notes for American consumers. It's the Agency for Consumer Advocacy, embodied in House Resolution 6805, and it's beginning to look as if it will have more lives than a cat.

Though it has failed to become law in every congressional attempt at passage since 1970, Ralph Nader and his friends on Capitol Hill think they may put it over this year. Chances for passage look good in the House, and President Carter has said he will sign it. A filibuster in the Senate may be the only chance to stop it.

According to the Washingtonbased Heritage Foundation, which specializes in issue research, the basic assumptions behind the push for this "consumer protection" superagency are that 1) "the consumer is gullible," 2) "avaricious business is essentially criminal in nature," and 3) "government is infallible."

This year's bill is much the same as the one introduced in the 94th Congress. It would create a superagency with the power to intervene in any federal government regulatory procedure. It would also fund consumer activist groups, appoint advisory committees, hire experts and promulgate regulations it thinks regulatory agencies should adopt.

As before, labor disputes are exempt from its intervention, but this time the licensing of nuclear power facilities by the Nuclear Regulatory commission is not. Imagine the fun Nader and his friends (who are likely to provide most of the staffing for the super-agency) will have with that one!

Advocates for this agency — which would cost the taxpayers (i.e., consumers) at least \$60 million during its first three years - argue that it is necessary because cozy relationships have formed between members of the regulatory agencies and the major U.S. industries they regulate, making the agencies tools of the industries:

The nation is hardly suffering from a lack of regulatory agencies. If they aren't functioning effectively, then the remedy lies in more efficient congressional oversight, not the

# Commentary

creation of another layer of bureaucrats. One congressman said: "It is a strange argument that, if federal agencies are the problem, adding another federal agency would be the solution."

It is typical of the arrogance of the Naderites that they believe that only they are capable of "watching the watchers" — in short, of playing God inside the federal government. Yet, the fact is there is no one single "consumer interest" in any issue. There are many, often competing and conflicting.

#### **More Spools Of Red Tape**

If the Agency for Consumer Advocacy becomes a reality, you can expect more, not fewer, government delays in reaching decisions affecting our daily lives and American business. Former Attorney General Edward Levi said of the effect of the similar bill before the last Congress: "A decision which might be expected in a week would be made in a month or perhaps three months, while consumer advocates wind a few more spools of red tape around it."

Ralph Nader has indicated that he believes this measure is the most important piece of consumer legislation in the history of the nation. No wonder. It might as well be called the Friends of Ralph Nader Relief Act of 1977.

Now is the time to warm up your writing arm and express your views on this legislation to your representative and senators.

"WHAT'S A NICE GIRL LIKE YOU DOING IN A PLACE LIKE THAT?"

#### The Town Crier

The best joke we heard this week was cracked by comedian Dave Barry, who said:

"I'm bald, and I champion the cause of baldheaded men. I think baldness is sexy, virile. Bald guys have charisma, but people don't say nice things about them. A guy walked up to me the other day and said, I have a joke that'll knock the hair right off your head. Then he remarked, I see you've heard it already."

THE ATHLETE of the year, so far, has been a horse, not a human. Seattle Slew has become so famous that a business firm, similar to Tiffany's, has offered to dehy-

drate and deodorize the colt's manure and sell it in Steuben crystal at \$2,000 a bottle.

(No, that isn't what I'm wearing today ... it's Hi-Karate.)

Did you hear this horse laugh? The Seattle Times has a headline already set in type in case Seattle Slew ever loses a race: "Tacoma Slew loses!"

THE TOP HEADLINE in the Antioch News last week said: "Lawn sprinklers asked to conserve on water." A perfectionist asked why we used the word "on." Why say "conserve on water" or "conserve on energy," etc. Wouldn't it be sufficient to say "conserve water" and "conserve energy?"

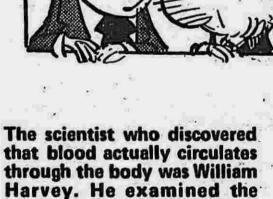

That reminds us of the sign: "Fresh fish for sale here today."

The fish market used a lot of unnecessary words. Of course the fish were fresh. And naturally they were for sale. And of course it was here at the market; and today, not yesterday or tomorrow. The sign simply could have said:

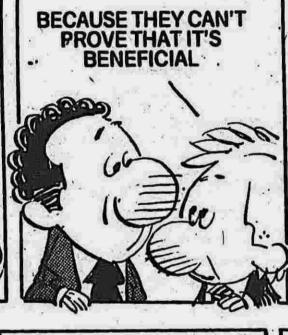

"Fish!"

See you Saturday.

Where? At the 40th anniversary picnic of Felter's subdivision, of course.

John Price, president of Felter's association, said the fun will start at 11 a.m. at the subdivision beach on Lake Catherine.

Delicious food will be served for \$2 and the entertainment includes sky diving and dancing to the music of a three-piece band. (We'll dance, but we won't sky-dive.) The picnic goes till 11 p.m.

The 180-family subdivision is a mile west of Antioch on Rt. 173. If it rains Saturday, the celebration will be postponed until Sunday.

LAST SATURDAY'S annual Firemen's Dance in downtown Antioch was a huge success and a barrel of fun. The volunteer firefighters raised money to buy themselves helmets, raincoats, boots, gloves and other apparel which they go through mighty fast when battling the blazes they handle so expertly. We're lucky to have those guys.

AN OPEN HOUSE will be held for Saul Wilton on Sunday, July 10, at the home of his daughter, Joanne Marotta.

They will be celebrating Saul's 80th birthday on that day, from 1 to 5 p.m. His many friends will be dropping in on Saul at Joanne's house, which is on Grass Lake Rd., just east of Rt. 59.

Saul has been a resident of the Antioch area for 35 years.

## AMERICA'S LEADERS

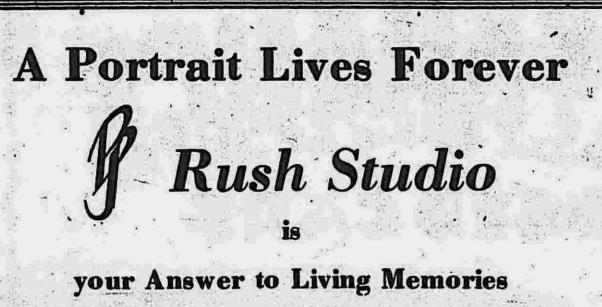

DR. J. ROBERT CADE, a man of medicine and a man of business, is helping to improve our lives in many ways. As a physician and nutritionist at the University of Florida hospital, he's developing a pill to make dieting easier and safer, and he's researching the cause and cure of schizophrenia.

DR. CADE'S work in the field of nutrition led to the development of the highly successful drink for athletes called Gatorade. In an attempt to make a nutritious breakfast food for his sister, he came up with the idea of a high-protein frozen confection on a stick.

The fun-to-eat orangeflavored bar immediately became popular with patients at Dr. Cade's hospital and children at Florida schools. Each bar provides 10 percent of the Recommended Daily Allowances for protein for adults. That's why Popsicle Industries calls it Ten Plus.

#### Cat owners are hot under the collar

By JERRY PFARR

The cat people and the bird people are at it again, ruffling each other's fur and feathers. It happens almost every year in some neighborhood. The arguments are always the same - only the battleground changes.

Recently we mentioned that "it's the law" in Antioch that all dogs must have a village tag and be kept on a leash.

A BIRD LOVER called our office and chirped with delight when we said, well, yes, the law theoretically applies to cats, too ... but, gosh, it's both difficult and cruel to keep a cat on a leash. For one thing, the poor little kitty might hang himself on the limb of a bush or a tree.

Yet, the bird people and the cat lovers got together and all those in favor of keeping cats on

leashes voted "Aye" while those opposed said, "Meow!"

"WE'RE THINKING of proposing a counterordinance," said one neighbor, who was pouring milk into a saucer.

"If they demand that we keep our cats on leashes, we'll try to force them to keep their birds in cages."

"They complain that cats kill too many birds," he continued. "Well, if birds were caged up our cats couldn't get at them. Besides, they only count the dead birds - they fail to consider the millions of birds that get away.

"The odds really are stacked against the cat.

"FOR EXAMPLE, the other day I followed my cat - just to see if he really was a vicious, dangerous killer as they claim.

"You know something? I watched ol' Tom chase 47 birds and not catch a single one. That's frustrating. You know how it feels to get beat 47 to 0? It can harm a cat's personality.

"He comes home mad, climbs the drapes or scratches one of the children."

"Certain people have an aversion to cats," we interrupted. "But almost everybody likes birds. Don't you think you'll have trouble getting people on your side?"

"Oh, I don't know - the fellow next door is getting

# Homemakers plan annual style show

The Lake Region Homemakers met at the home of Mrs. Lorraine Severson. The members enjoyed a put-luck supper before their meeting.

The main topic was the annual style show to raise enough funds to support the two Antioch High School scholarships, 4-H contributions and help to senior citizens.

SINCE MOST OF the "Homemakers," sew, they decided an appropriate theme for their style show this year would be "Sew and Show:"

It will be held Oct. 19 at Andre's Steak House at Richmond. A family-style dinner will be served.

The committee for the show was selected by the chairwoman, Louise Gutowski. It includes: tickets, Mary Wells; door prizes, Ann Connors; program, Esther Hamlin; boxes of cookies, Phyllis Drije; table decorations, Martha Fallon, Sherie Stroud, Laurine Volling and Judy Robinson; models and fashions, Lorriane Severson, Angie Maras and Shirley Tierney; commentator, Angie Maras; publicity, Carol Whitton and Dee Selak.

The meeting ended with a talk on physical fitness for the homemaker, by Ann Connors.

The members will busy themselves this summer in sewing garments for the Oct. 19 show.

# State Bank adopts new rules of FDIC

William E. Brook, president of the State Bank of Antioch, has announced that the board of directors of the State Bank, at a recent meeting, passed a resolution to adopt new F.D.I.C. rules allowing all insured banks supervised by F.D.I.C. to pay up to 734 percent interest each year on Individual Retirement Account (IRA) and Keogh (H.R.10) deposits.

According to Mr. Brook, deposits under these plans must have a maturity of three years or more, but there is no minimum amount required.

The new rules are the same as those earlier adopted by the Board of Governors of the Federal Reserve System for member banks and will become effective simultaneously with the FRS system on July 6.

Wins 30-lap feature at Waukegan Speedway

In late model super-stock action on Sunday night at the Waukegan Speedway it was Dave Evans winning his first 30-lap feature since April.

Phil Mass took the lead on the 8th lap and led until the 17th lap when he spun in a turn, bringing out the caution flag.

Evans inherited the lead as Mass was sent to the back of the field as the reason for the caution.

It was Evans and George Dukas battling it out from that point on. A second caution came out on lap 24 when Tom Musgrave hit the backstretch wall. Musgrave was running 4th, however, he was forced out of the competition.

IN LATE MODEL SPORTSMAN racing on Saturday night, it was the 16-year old driver from Chicago, Bobby Dotter, coming home the big winner.

Dotter held fast time, won a heat race and came home first in the 25-lap feature. With Dotter's night's work, he took over the point lead from Don Collins of Antioch.

The Illinois Wrestling Federation holds eight district championships which qualify two wrestlers per weight for the Illinois state championship to be held at Bolingbrook.

"These are freestyle matches, the most

common international style. It is similar to the style wrestled in high school and college in the United States," DeRousse said.

Both Gibson and Kakacek now hope to place first, second or third in the state meet to qualify for the national tournament to be held at the University of Iowa.

Other Antioch place winners were Marvin Gibson, 123, third; and Jeff Gross, 132, who was fifth.

## Antioch swim team loses 2 close ones

The Antioch swim team traveled to Lincolnshire last week for the first meet of its 1977 season. For many swimmers it was their first meet

Coach Marty Berry said she thinks that first-hand experience is necessary and took advantage of Lincolnshire's eight-lane pool to enter every local swimmer.

Antioch came close but lost by 39 points, 199 to

"The team was not at full strength with many swimmers completing after-school vacations, so the future looks bright," Coach Berry said.

THE TEAM'S 21 FIRSTS were won by a combination of 14 swimmers.

Leading the group was Jack Fields with four first places while triple victories were won by John Clewis and Phil Jaworek.

Double winners were Laura Clewis, Judy Houghton, Denis Latz, Brian Wogsland, Sheryl Harrison and Carol Berry.

Dave Fritz, Stacy Harrison, Kaky Kelly, Joel Bellucci and Brad Pekacik each won one event.

"Among the newcomers, Russell Ivey and Jennifer Czapiewski did an excellent job for a first meet," Coach Berry said.

"Now that we have had a meet and have seen our weak spots, we know what to work on and I think we'll improve steadily through the remainder of the season," she added.

THE ANTIOCH SWIM TEAM hosted Brentwood from Waukegan last Saturday in the first home meet of the season.

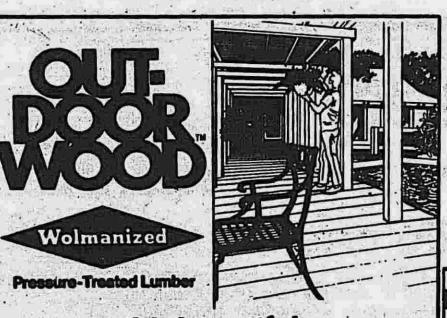

The Antioch Aqua Center was the scene of fierce competition and excitement and the final result was not determined until the final relays.

Antioch held a slim lead throughout the meet but could not hold it in the final relays. The final score was 229 to 222 in favor of Brentwood.

ANTIOCH LED IN first places. In the 51 events, Antioch took 29 firsts, 20 seconds and 17 thirds.

Antioch's first places were scored by a combination of 17 swimmers. Sue Harrison and Shelly Volling led with four first places each while George Bessette, Greg Shepard, Laura Clewis, Brian Wogsland and Phil Jaworek each took three. Double winners were John Clewis and Karen Shepard, with Sheryl Harrison, Denise Latz, Ted Bessette, Kaky Kelly, Craig White, Trina Spietz, Jack Fields and Carol Berry winning single victories.

"It was a heartbreaker to lose but the meet demonstrated excellent swimming on the part of both teams," said Coach Berry.

When you build outdoors, use OutdoorTM brand wood. It needn't be stained or painted. It isn't bothered by termites. Won't rot. And stays beautiful for keeps.

This deck was built with Wolmanized® lumber ... Outdoor wood. It's ordinary wood - pressure-treated with Wolman® preservative chemicals to keep it handsome, sturdy, and worry-free for dozens of years.

Considering how long Outdoor wood lasts, it's relatively inexpensive. Use Outdoor wood for your next project. You can be sure it will have the appearance and shape-holding qualities you expect because Outdoor wood is a high grade of material.

# Dealing with rampant juvenile crime

We are pleased to note that the Illinois Senate has passed three bills written by State Rep. Donald E. Deuster (R. Mundelein) to help discourage juvenile delinquency.

The first Deuster proposal, House Bill 52, makes parents financially responsible up to \$1,000 forwillful or malicious vandalism damage caused by their minor children.

The second Deuster measure, House Bill 91, gives Illinois counties power to set up programs under which juvenile delinquents could be required to perform useful public service work such as picking up litter in parks, or along roadsides, or maintaining public facilities.

The third Deuster bill, House Bill 92, authorizes judges to sentence juvenile offenders to perform such public service work as a condition of their probation or release.

Although Bill No. 52 returns to the House for review of amendments added in the Senate. House Bills 91 and 92 now go directly to the desk of Gov. James. R. Thompson for his consideration.

The people of Illinois should be proud of the Senate and House for approving these constructive proposals.

The new laws should encourage parents to control their children more effectively, and we hope our counties and judges will use this new authority to channel the energies of juveniles into

constructive path of public service. This is dealing with the problem of rampant juvenile crime in a positive manner.

WHILE YOU'RE AWAY the burglars might play - We are always sending our clients off to various places with good advice but we never remind you of what to do to prevent burglary of your home when you're away.

If these tips just help a few, then my message is worthwhile. Peace of mind is what clients are seeking when they turn to a travel agent for making their travel plans. They want the professional to absorb the worrisome details so a good time may be had while away from home.

In fulfilling this peace of mind, following are a few tips about home security as a bit of icing on the cake.

1. When away, make your home look and sound occupied. There are inexpensive timing devices which can turn your lights, TV and radios on and off during the nightime. Also have a neighbor collect your mail.

2. Make sure your locks work. The best kind are deadbolt locks. I have been told that even an amateur burglar can open a lock with something as simple as a credit card, so have a licensed locksmith install a deadbolt lock immediately.

3. Don't name-tag your house keys. If you do and lose them, expect an unwelcome visitor in the near

4. Don't display your name on a mailbox or

plaque. Many burglars phone ahead to make sure a house or apartment is empty by simply looking up the name of their intended victim in the phone

5. Make sure glass patio type doors lock properly. They're a favorite entry point. A simple and effective way to lock them is to cut off an old broom handle to the proper length and fit it into the door tract, which prevents the door from

6. If you can own a dog ... a barking dog is still one of the most effective burglar alarms. Burglars would rather find another place than hassle with a

7. Leave outdoor lights on when you go away for the evening. When you're away during the day, keep your window shades up and your drapes open. It helps your neighbors see any suspicious movements inside your home.

8. Keep watch for your neighbors and ask your neighbors to keep watch for you when you're away.

9. Let the police know when you're away.

10. Lock up ladders or any other devices or tools a burglar can use.

11. Inventory your valuables just in case. If you don't know what you have, you can't know what's been stolen. It might also be wise to use a safe deposit box.

12. Are you covered by insurance? Call your

insurance agent and ask him to spell out the details of your household insurance coverage. I have found out that at least three our of every 10 people I ask don't know what they do have.

Happy vacationing.

#### Work-study program" at CLC

The College of Lake County has been awarded a federal grant of \$100,000 to finance its work-study program during the 1977-78 school year.

Jerry Jansen, assistant director of financial aid, said a work-study grant has been received annually since 1969; however, this year's award surpasses last year's grant by approximately \$40,000.

"The work-study program is an effective way to meet the financial needs of many of our students," Jansen said. Last year, 170 students' participated.

Qualified work-study participants work on campus and start at a minimum wage of \$2.30 an hour.

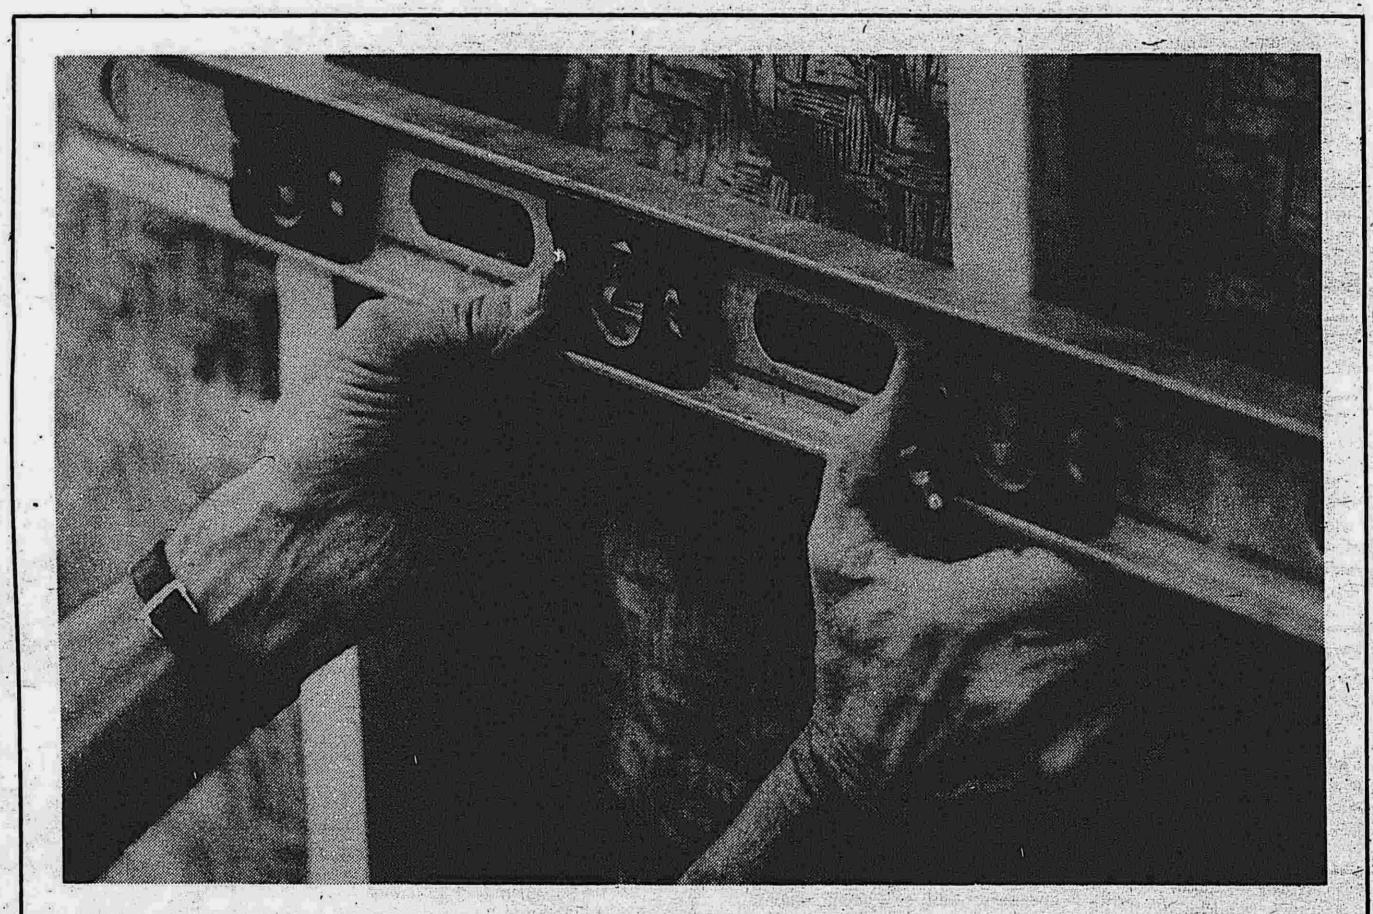

Areas of job opportunities are varied and have included photography, secretarial positions, graphics, horticulture, grounds maintenance, library science and athletics.

RESIDENTS register early for fall classes by making an appointment.

Appointments must be made at the admission office, in the main building on the CLC campus.

Appointment registration is available Monday through Thursday, 10 a.m. to 2 p.m. and 4 p.m. to 7 p.m., now through July 28. Fall classes begin Aug. 26.

Copies of the fall class schedule are available in the admission office.
